

A pregnant woman with long, dark, wavy hair is smiling and holding her belly. She is wearing a vibrant blue, long-sleeved, floor-length dress. Behind her is a large, flowing blue fabric backdrop that creates a dramatic, wing-like effect. The background is a light-colored, textured wall. The text 'Erzy Image' is written in a gold, cursive font across the upper part of the image. A large, black, 3D-style font spells out 'MATERNITY' across the middle, and 'PORTRAIT' is written in a smaller, gold, blocky font below it. A thin, metallic-looking frame surrounds the central text and the woman's torso.

This session is 1 hour maternity session. This session is meant for mommies that just CAN'T decide between what style or look they want... maybe you want to add on dad to a few poses or just want more time to try out a few more poses! This session includes 12 beautifully and flawlessly edited digital images, and you will also have the option to purchase additional digitals at the time of choosing your final images! During this session you get to have three different looks! Sometimes mom's can't decide between the long flowy dramatic look/ the more princess/fluffygown or they REALLY want to add on a few semi/nude gorgeous poses to their session..this is the session for those moms! Sessions usually start with some poses of you wearing a long/dramatic gown & some romantic poses with your partner, then I will get you changed into a second look/gown/backdrop and well do a few more poses maybe with a bodysuit and a more simple backdrop so we can get some more modern images.. Finally you get to choose some photos with one of my beautiful props, You can choose some poses with my couture angel wings, stunning silver throne, or with my huge mirror that is decorated full of flowers! I love to do custom sessions foreverly mommy and this is the opportunity for you to send me all those ideas you have been saving for months on pinterest!!
